

VALUE PRODUCTS

Industry Standard Grades from RTP Company

Quick Information

- ▶ Selected products available “off the shelf”
- ▶ Available in black, natural and colors
- ▶ Developed for immediate use in a wide variety of applications
- ▶ Complete technical assistance available

Imagine an industry standard grade of thermoplastic compound from RTP Company, *the specialty compound leader*, that is immediately available at a lower cost. One that comes with the complete technical support and service you have come to expect. At RTP Company, we not only imagined it, we made it a reality.

RTP Company has long been known as a leader and innovator in the plastics arena. Customers around the world are familiar with our ability to develop customized solutions to often complex and challenging problems. Now, we are pleased to offer a new line of “Value Products”, developed in popular formulations commonly chosen by processors. RTP Company’s Value Products are considered industry standard solutions when typical properties and price competitiveness are required and quality, speed, and service are essential.

RTP Company produces literally thousands of new and unique products every year. We have developed an in-depth knowledge of polymers and

additives from an independent perspective. With our global reach and broad infrastructure, RTP Company is able to leverage our experience and knowledge by introducing the Value Product line. The new Value Products Division of RTP Company helps to expand our core competency in specialty compounds by making quick, proven, cost effective material solutions available. A select group of Value Products are in stock with appropriate technical information and samples available.

The Value Product Line may not be able to solve every solution... RTP’s global team of professionals will continue their effort to meet this challenge. However, if you require an industry standard grade for an application, with typical properties, where price competitiveness is crucial, contact your RTP sales engineer about our Value Products line.

Value Product Compounds from RTP Company... another innovation from the leader in specialty compounding.
